

# AUTOSTEP

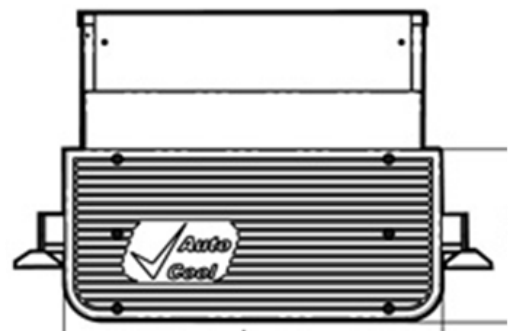

*the first step...*

Nothing is better than a good first impression. The first step into your Nissan NV is the most important. Let's make it a good one. Let's make it an electronic, sliding, 48 inches of solid re-enforced polyurethane traction tread. Let's make it an AutoStep.

## Benefits:

- \*Safety\* the AutoStep provides a non-slip surface the full width of the door and 12 inches deep, offering a sure step
- Convenience
- Stylish looks
- 3 Year Warranty
- Weather resistant
- Vehicle specific mounting brackets
- Weather resistant
- Easy install / complete installation kit
- Available widths:
  - 47 inches
  - 39 inches
  - 25 inches
- Water, ice and dust resistant electronics
