

VANWISE™ COMMERCIAL VAN INTERIOR PRODUCT FOR THE NISSAN NV 2500/3500 HIGH TOP COMMERCIAL VAN

PROVIDE COMPLETE PROTECTION FOR YOUR VAN INTERIOR

The Pro-Van Liner™ Kit includes precision-cut sidewalls, headliner, and door panels made from a rugged, stain-resistant, marine-grade carpet bonded to sturdy, puncture-resistant, automotive fiberboard.

Formed wheel well and fuel filter covers are also included, which are manufactured from a heavy-weight, marine-grade carpet.

When installed, the kit provides added thermal insulation, noise dampening and protects the van's interior sheet metal from damage caused by shifting cargo or its mishandling.

Kit can be used with bins and shelves.

Holes are pre-punched in panels for recommended fastener locations. All installation hardware is included.

Kits ship individually or in bulk.
