

## INVERTER SELECTION GUIDE FOR NISSAN SHIP-THRU, BODY BUILDERS, UPFITTERS, DEALERS, AND FLEETS

### TRUE SINE WAVE INVERTER CHARGERS

#### FREEDOM HFS

- Pure Sine Wave, compact, full featured solution with fast and easy installation
- Meets UL458, CSA, & FCC, Class B
- Quick Connect AC terminal block on both AC input and output
- Detachable remote and/or ignition control capability
- Programmable smart battery logic
- GFCI and Hardwire Options

Model	Part #	Input	Max. Continuous	Surge Rating	Charger Output
Freedom HFS 2055	807-2055	12V	2,000 W	4,000 W	55 A
Freedom HFS 1055	807-2055	12 V	1,000 W	2,000 W	55 A

#### FREEDOM SW

- Powerful, configurable, and versatile with extremely fast AC transfer
- A complete power system with optional accessories:  
System Control Panel (808-0921), Auto Generator Start (809-0915), GFCI Option (808-9003)  
Remote Panel (808-9002), Drip Shield (808-9004), Series Stacking Cable (808-9005)  
Sequence Power Manager (809-0913)

Model	Part #	Input	Max. Continuous	Surge Rating	Charger Output
Freedom SW 3012	815-3012	12V	3,000 W	6,000 W	150 A
Freedom SW 2012	815-2012	12 V	2,000 W	4,000 W	100 A

### TRUE SINE WAVE INVERTER

#### FREEDOM Xi

- 1000 / 2000 watts continuous AC power
- 2X continuous power surge for demanding loads
- Cold temperature performance down to - 20°C for the harsh winter environments
- Quality, reliability and safety that meets stringent CSA and UL458 with marine supplement standard

Model	Part #	Max. Continuous	
Freedom Xi 2000	807-1000	2,000 W	Internal transfer
Freedom Xi 1000	807-2000	1,000 W	Internal transfer

#### PROWATT SW

- Digital display of output power and DC volts
- Built-in USB port to power USB-powered devices
- Optional on/off Remote Control Panel
- Two year warranty

Model	Part #	Max. Continuous	Surge Rating
PROwatt SW 2000	806-1220	1,800 W	3,000 W
PROwatt SW 1000	806-1210	1,000 W	2,000 W
PROwatt SW 600	806-1206	590 W	1,200 W

\*Xantrex offers over 40 inverter, inverter charger, and battery charger products. For more information or to help choosing contact DJ Hasler today @ (314) 330-6020 or [Donald.Hasler@Schneider-Electric.com](mailto:Donald.Hasler@Schneider-Electric.com)
