Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving through life with greater confidence, excitement and connection to the world around you.
Electrify your life

Experience a new force of wonder. Boost your driving confidence with the smooth-yet-thrilling available e-4ORCE AWD electric power. Swipe the massive dual displays, touch the haptic feedback controls, or address ARIYA® with your voice. Take your hands off the wheel, your feet off the pedals, and let ARIYA assist you through stop-and-go freeway traffic with available ProPILOT Assist 2.0, or into your next parking space with available ProPILOT Park. This is what it's like to live electric.1, 2, 3, 4, 5
Technology that plugs into your senses

Chances are, you’ve never experienced anything quite like ARIYA. Instead of traditional buttons, you’ll find dazzling illuminated controls that react with haptic feedback when pressed. The Integrated Display Interface features dual 12.3” widescreens that are breathtaking to see and simple to use. Communication is seamless, thanks to next-generation voice control. And with Intelligent Route Planner, directions to the nearest charging station are just a swipe away.

Haptic Touch Controls | Integrated Display Interface | Voice Control | Firmware Over-the-Air Updates | Wireless Charging | Wireless Apple CarPlay® Integration

Drive, work, or park and relax — it’s up to you

Once parked, ARIYA transforms into a mobile lounge — use the flat floor and open space to stretch out, get comfortable. Or create a mobile office — perch your laptop on the tray table, place your sketch book on the power sliding center console, and get productive.

Charge ahead with confidence

This electric crossover may be brand new, but ARIYA® is infused with Nissan’s long history of know-how in EV development. The batteries powering ARIYA take proven technology even further — with advances like active thermal management, which optimizes performance for hot and cold climates, as well as fast charging.\(^1\),\(^2\) You can choose between standard and long-range batteries and front-wheel drive or available e-4ORCE All-Wheel Drive.\(^3\),\(^4\) Just charge up and go — the road is yours.

Charge at home
With a dedicated wall charger, you can plug into the easy life and wave goodbye to the gas pump.\(^5\),\(^6\)

Charge smart
Schedule your home charging from your compatible smartphone and choose times when electricity rates are lower. Which means you can set charging to start while you sleep, then wake up to an ARIYA 100% ready to go.\(^5\),\(^6\)

Charge on the go
An ever-expanding public charging network, including fast charge stations, lets you commute with confidence.\(^5\),\(^6\)

Intelligent Route Planner
This digital tool can help make your journey seamless: sync the climate control system with your departure time, and calculate the route to your destination while locating fast chargers along the way. This is next-level road-tripping.\(^5\),\(^6\)

SiriusXM with 360L
Transform your ride with the most extensive and personalized radio experience on the road. Advanced in-car technology makes finding your favorite SiriusXM channels, shows, and exclusive content easier than ever before.\(^7\)
All-wheel drive, evolved

ARIYA’s available e-4ORCE dual-motor AWD powertrain offers more than just awe-inspiring thrust and thrills. It combines balanced, smooth motion with positive traction for elevated grip and uplifted confidence you can feel year-round.1, 2

Movement is effortless. Power, seemingly limitless. Press the accelerator, and e-4ORCE responds with authority, propelling ARIYA® up to speed with remarkable force and poise. e-4ORCE precisely meters out power to each of its wheels, individually, so you can navigate slippery roads with more confidence.1, 2, 6

ProPILOT Assist 2.0

Feel the full power of ProPILOT Assist 2.0 as it helps out with freeway lane changes and can provide hands-off, foot-off driving assistance through stop-and-go freeway traffic.4

ProPILOT Park

Tight parking spot? Push the ProPILOT Park button, and glide, hands-off, right into the spot — whether it’s back-in or parallel.

With available ProPILOT Assist 2.0, driving doesn’t always have to be so hands-on
