Vehicle Dynamic Control cannot prevent collisions due to abrupt steering, carelessness, or dangerous driving techniques. It should remain on when driving, except when freeing the vehicle from mud or snow. See Owner's Manual for safety information.

Rear Cross Traffic Alert may not detect all vehicles. See Owner's Manual for safety information.

Blind Spot Warning cannot prevent collisions and may not detect every object or warn in all situations. Driver should always turn and check surroundings before driving. See Owner's Manual for safety information.

Intelligent Driver Alertness cannot provide a warning in every situation. See Owner's Manual for safety information.

GPS mapping may not be detailed in all areas or reflect current road status. Never program while driving. See Owner's Manual for safety information.

RearView Monitor may not detect every object and does not eliminate blind spots or warn of moving objects. See Owner's Manual for safety information.

Rear Door Alert System does not detect people or cargo. Always check rear seat before exiting. See Owner's Manual for safety information.

Text Messaging when parked in a safe location. If you must use the connected device while driving, monitor traffic conditions and keep both hands on the wheel. Use only hands-free devices available in your vehicle. See Owner's Manual for feature information.
